

COMMUNIQUE

Let us gather as a community to celebrate the blessings that surround us

Be a Buddy Not a Bully- A conscious effort to raise awareness on effects of bullying!!!

Our school recently held an insightful session on bullying, led by our School Counselor, Mrs. Riya Malhotra. The purpose of the session was to raise awareness about the harmful effects of bullying and to educate us on the appropriate actions to take when we encounter bullying on campus.

The session was interactive and engaging, consisting of various activities that helped us understand the seriousness of bullying in a practical manner. We started by playing a floor game. This activity made us more empathetic towards those who are bullied and highlighted the importance of standing up against bullying.

Next, we watched a thought-provoking video depicting different scenarios of bullying. The video was followed by a discussion where we shared our thoughts and feelings about what we had seen. The discussion aided in understanding the different forms bullying can take and the emotional and psychological damage it can cause.

Finally, the session concluded with a powerful moment where each student took a pledge to 'never engage in bullying', whether directly or indirectly. This pledge served as a personal commitment to fostering a safe and supportive school environment. Overall, the session was highly impactful and left us with a deeper understanding of the subject.

World of Sports

Students of TVIS participated in their first Inter-House Cross Country run for the AY 2024-25. Student athletes from classes 6 to 12 demonstrated remarkable enthusiasm and endurance by actively participating in this event.

Tapti Valley International School extended its hand of support to organise the Subroto Cup Football Tournament for Surat City from 1st May to 3rd May 2024.

The opening ceremony of 3rd Gujarat State Ranking Table Tennis Tournament 2024 was held at Tapti Valley International School on 20th June 2024. The Chief Guest was Mr. Mukesh Dalal, Member of Parliament, Surat. He gave his best wishes to the players for the tournament.

653 participants from all over the Gujarat participated in 12 categories. The tournament was held from 20 to 23 June 2024 at Sports Complex of Tapti Valley International School, Surat.

The Surat District Chess Association Festival Chess Tournament was held on 28th April 2024 at Muk-Badhir Vikash Trust, Athwalines, Surat. The results of TVIS students were as follows:

1. In the U-8 mix category Aayaan Saboo (III-B) secured 14th position and received a medal.
2. In the U-10 mix category Ishan Agarwal (V-B) secured 1st position and received a trophy, Vihaan Shah (IV-C) secured 15th position and received a medal.
3. In the U-12 mix category Moksh Patel (VII-B) secured 3rd position and received a trophy.
4. In the U-14 mix category Aryan Agarwal (IX-A) secured 7th position and received a medal, Jignesh Daiya (VII-B) secured 14th position and received a medal.

Our Sterling Superstars

Daniya Godil

1. Secured 3rd place in the U-13 girls' category in the 1st Gujarat State Ranking Table Tennis Tournament 2024.

2. Secured 2nd place in the U-14 Girls' category in the Khelmahakumbh State Table Tennis Championship 2023-24

Jenil Patel

1. Secured 3rd place in the U-15 boys' category in the 1st Gujarat State Ranking Table Tennis Tournament 2024.

2. Secured 2nd place in the U-14 boys' category in the Khelmahakumbh State Table Tennis Championship 2023-24

Ved Panchal

1. Secured 1st place in the 1st Gujarat State Ranking Table Tennis Tournament 2024.

2. Secured in the U-14 boys' category in the Khelmahakumbh State Table Tennis Championship 2023-24.

Outdoor Adventures

Nursery Class's Journey into the Underwater Realm

Nursery class children embarked on an enchanting journey to the aquarium, greeted by a world of wonder and discovery. Amidst the aquatic splendour, they encountered numerous turtles, their eyes brimming with excitement. Delight filled the air as vibrant fish danced gracefully through the water, captivating young minds with their vivid hues and elegant movements. It was a day teeming with fishy fun, sparking a newfound fascination for the marvels of marine life in the hearts of our little explorers.

LKG Learners' D-Mart Discovery

LKG students embarked on a memorable field trip to D-Mart, enhancing their learning beyond the classroom. They marvelled at the array of items, learning how they contribute to daily convenience and health. This hands-on experience encouraged practical and mindful shopping, fostering decision-making skills. Such excursions inject fun into education while enriching students' understanding of the world around them.

UKG Field Trip to Hajoori's Kulfi Factory for a sweet and chilled delight!

UKG students embarked on an exciting journey to Hajoori's Kulfi factory, buzzing with anticipation and curiosity. The factory tour commenced with an insightful introduction to the traditional art of making kulfi. With wide-eyed wonder, the children observed the skilled artisans as they expertly churned creamy mixtures into delectable kulfi moulds. Amidst laughter and excitement, the children learned about the importance of hygiene and quality control in food production. As the tour concluded, each student received a freshly made kulfi, their faces lighting up with joy as they savoured the creamy goodness. The experience left a lasting impression on the young minds, fostering a deeper appreciation for the artistry and craftsmanship behind every frozen treat.

Class 1's Sweet Adventure at the Bakery!

The students of Grade 1 went on an exciting adventure to the nearby bakery. With chef caps on and enthusiasm bubbling, the young bakers stepped into a world of flour-dusted countertops and the tantalizing scent of freshly baked goods. Under the guidance of skilled pastry chefs, the children delved into the art of baking. From measuring ingredients to shaping dough, each step was a lesson in precision and creativity. The students learned about the science behind baking, from the importance of yeast to the magic of oven temperatures. The trip was not just a sweet escape from the classroom routine but a hands-on opportunity to explore the world beyond textbooks.

Nursery- Narthan Village

Nursery class children visited Narthan village for their field trip, filled with curious minds eager to explore. Their journey unfolded amidst the rustic charm of rural life, where their first encounter was with a mighty tractor, its wheels churning the earth as it worked the fields. Next, they came upon a pond and a Shiva temple. The children saw the village school children of their age studying and playing together. They saw a buffalo and the children offered some grass to eat. Their journey through Narthan village was a delightful blend of discovery and education. It connected them deeper to the world around them.

UKG- A Visit to a Paper Factory

The UKG students recently enjoyed an educational field trip to a local stationery factory. They were fascinated to witness the complex paper printing process, observing large machines transforming plain sheets into colourful designs. The tour continued with a visit to the gift box-making section, where they saw how flat paper is skillfully folded and assembled into beautiful boxes. The experience was both fun and enlightening, giving the young students a hands-on understanding of how everyday items are made.

LKG-Visit to "Dent Avenue" Dental Care and Implant Center.

Field trips are an essential part of school life. They are organised to give practical exposure to the concepts learned in the classroom. To enhance the acquired knowledge and to experience the realistic part of the theme "THE ORAL HYGIENE" a visit to the Dentist Clinic was conducted for LKG class students. The visit had a special focus on identifying different types of teeth, tools and ways of taking care of oral hygiene. Detailed explanations, demos and real instruments were shown to the students. Students responded very well and it was an enriching experience for all.

Class 1- A Visit to an Art Gallery

For first graders, a school field trip to an art academy, Rangshili, was an exciting and educational experience. The young students started their visit with a fun, guided tour where they saw colourful paintings, playful sculptures, and interactive art installations. The trip's highlight was a hands-on art workshop where the children created their masterpieces using primary colour paints. Throughout the trip, the students also learnt about famous artists and the different ways art can tell stories. This field trip not only enriched their understanding of art but also helped them develop fine motor skills and boost self-expression.

Visit to Bakery - Class-2.

"Bakers make the world smell better". To make this quote more meaningful, students of grade 2 visited "Atul Bakery" as a part of their educational trip.

Upon arriving at the bakery, the students were greeted by the staff with a wonderful aroma of freshly baked bread and pastries. The staff took the students behind the scenes, where they witnessed the entire process from start to finish – from mixing the ingredients to shaping the dough and finally, the baking itself.

It was fascinating to see how skilled the bakers were, effortlessly rolling out dough and expertly decorating cakes with intricate designs.

Overall, the trip to the bakery was not only enjoyable but also educational. The students gained a deeper appreciation for the skill and hard work that goes into baking each item, as well as an understanding of the importance of supporting local businesses. The experience sparked our interest in culinary arts and left them with sweet memories that they will cherish for a long time to come.

Class 3 – Visit to Nature Park

Grade 3 children had an amazing adventure at the bird park, where they were greeted by a symphony of chirps and tweets from colorful feathered friends. They were awestruck by the vibrant plumage of macaws, the graceful flight of different birds, and the prehistoric iguanas. Children observed nests nestled in towering trees and marveled at the careful construction of each one. Their favorite part was observing the friendly lorikeets, and huge ostrich, holding macaws, American Iguana, playing with Persian cats and American rabbits. Throughout the day, they discovered the importance of habitats and conservation efforts to protect these magnificent creatures. The park visit sparked children's curiosity about the natural world and inspired them to become ambassadors for birds and their habitats.

Farm Visit - Class - 3

Learners of Grade 3 had an invigorating trip to the school farm. From discussing the needs of plants, why the seeds are coated, the appropriate weather for good plant yield, to planting their first watermelon seed, it was a fruitful experience for each one of them. They will revisit the farm at intervals to check the progress of their watermelon plants. It was a heartening experience for the teachers to see them so inquisitive and interested in the various aspects of farming.

Class 4 – Visit to KRIFOR Industry

Industrial visit serves as a practical learning experience that goes beyond the walls of a classroom. It provides first-hand exposure to real-world industrial technologies and operations.

The students of grade 4 visited the KRIFOR industry, mainly dealing with multi-layered bagasse-based particle boards, made with German technology. Children observed the process of making particle boards from a very common raw material " Sugarcane Residuals". followed by the laminating and printing process of particle boards. Students acquired practical knowledge, developed essential life skills, and gained a deeper understanding of industry operations. This practical experience will help the students to understand theoretical concepts better and will bridge the gap between classroom learning and practical application. The team TVIS extended their heartfelt gratitude to the KRIFOR management.

Visit to Traffic Control Room - Class-5

Students of grade 5 visited the Traffic Control Room and learned how it monitors roads using live camera feeds to manage traffic, spot accidents, and catch defaulters who break traffic rules. The cameras can zoom in to see vehicle numbers clearly, which helps identify rule-breakers and track robbers quickly. The Traffic Control Room works closely with the police to respond swiftly to any problems, ensuring our city stays safe. This visit taught the students the importance of following traffic rules to keep everyone safe on the roads.

Solar Panel Visit- Class 6

Students of class 6 had a hands-on learning session about the solar panels at our school, with experts guiding them. The trip aimed to provide the students with a practical understanding of renewable energy and its benefits. As they toured the facility, the students observed solar panels up close and learned about how they convert sunlight into electricity. The guide explained the importance of sustainable energy sources in combating climate change and reducing carbon footprints. This visit not only enhanced their knowledge of science and the environment but also inspired many to think about how they can contribute to a greener future.

Festive Fun

World Dance Day and Gujarat Day:

Our recent celebration of World Dance Day and Gujarat Day was a mesmerizing showcase of talent and cultural diversity! Children dazzled the audience with lively and energetic folk dances, and the traditional Gujarati dances of Garba and Dandiya.

The rhythmic beats and colorful performances brought joy to everyone's hearts, highlighting the beauty of dance and celebrating Gujarat's rich cultural heritage. It was a day of unity, creativity, and unforgettable moments through dance.

EID Celebration - Pre-Primary to Class

1:

Children celebrated EID UL FITR with a deep understanding of the festival's significance and then engaged in creating wonderful crafts. In addition, the children of Class 1 also learned about the moon phases, deepening their understanding of cultural and scientific concepts. The celebration fostered a sense of unity and inclusivity within the classroom.

Green Bird Day Celebration:

Pre-Primary to Class 1 children embraced Green Colour Day, dressed head to toe in vibrant shades of green. Each brought a green object from home, igniting exploration and discussion. Amidst visuals and activities, they discovered the beauty of green and explored various green-hued birds. Parrots took the spotlight, with kids learning about their appearance, habits, and habitats. This fusion of art and awareness sparked creativity and deeper nature appreciation.

Earth Day Celebration!

Students of PP to Class 1 celebrated Earth Day with a range of engaging activities aimed at raising awareness and inspiring action for our planet! From insightful presentations highlighting environmental issues to hands-on craft and clay vessel-making sessions, students of all ages got involved in the festivities. Class 1 and UKG students delved into sustainable practices through clay vessel creation, fostering a deeper connection to the Earth and a sense of responsibility. Meanwhile, our youngest learners in LKG and Nursery engaged in Earth Day-themed craft activities, spreading the message of environmental stewardship in creative ways. Together, we're nurturing the environmental leaders of tomorrow and making a positive impact on our precious planet!

Celebrating Colours!!!

Celebrating colors with Grade PP-1 students is a vibrant and joyful experience that stimulates their creativity and sensory development. Imagine a classroom transformed into a rainbow of hues, where children explore different colors through various activities. They paint with their fingers, make colorful crafts, and engage in fun games that highlight the beauty of each shade. Through stories and songs about colors, their young minds are enchanted, fostering a love for art and expression. This celebration not only teaches them about colors but also enhances their fine motor skills, coordination, and social interactions as they share and collaborate with their peers.

Yellow Day

Purple Day

Green Day

Orange Day

Father's Day celebration

The Father's Day celebration for Nursery and LKG students was a joyous event, creating unforgettable memories. Fathers eagerly participated with their children in a variety of activities, including games, crafts, and dance. The day began with fun-filled games that had everyone laughing and enjoying the friendly competition, strengthening the father-child bond. This was followed by a delightful craft activity, where children, with their father's help, created personalized gifts. The craft session was a beautiful expression of creativity and collaboration, resulting in keepsakes that both children and fathers could treasure. Following the crafts, the celebration moved to the dance floor. Fathers and children learned a special dance routine and participated in the paper dance activity, adding to the day's joyful atmosphere. A photo booth captured these precious moments, allowing fathers and children to take cherished snapshots together. Overall, the Father's Day celebration was a heartfelt tribute to the wonderful fathers, leaving a lasting impact on both fathers and children.

Mud Day Celebration! : Pre Primary to Class 3

Our Pre-Primary to Class 3 students had a muddy blast on International Mud Day! From playful mud sessions with friends to splashing around under water sprinklers, the day was filled with laughter and joy. With toy rockers, slides, and hurdles adding to the fun, and a delightful rain shower enhancing the experience, it was a perfect day to connect with nature. This event highlighted the magic of nature and reminded us that outdoor play offers richer experiences than screens ever could. Let's celebrate nature's wonders and embrace more learning and fun together in the great outdoors!

In-House Activities & Camps

Sense booth - Activity - Class-1:

The sense booth activity at Tapti Valley International school was an exciting and interactive experience for our Grade 1 students. Designed to engage their senses and foster curiosity, this hands-on exploration allowed children to delve into the world of sight, smell, touch, taste, and hearing in a fun and educational way. Upon entering the sense booth, students were greeted with a colorful display of stations, each dedicated to a different sense. From vibrant visuals to intriguing scents, the booth was buzzing with excitement as children eagerly embarked on their sensory journey.

Grade 3- Art and Craft Camp for Students: Nurturing Creativity and Expression - April 8th to April 23rd, 2024.

The young minds of grade 3 embarked on a journey of creativity, exploration, and self-expression. This camp was not just a place to learn techniques; it was also a vibrant community where imagination took flight and artistic skills blossomed.

Under the guidance of experienced instructors, students delve into the fundamentals of art and craft. Beyond individual skill development, the camp fosters a sense of community and collaboration.

Learning Life Skills

'Washing the car is the perfect job for children of all ages and abilities to get involved in!' Not only it's an amazing sensory learning experience but it also allows children to enjoy the pleasure of 'doing' with others. This activity provides opportunities for developing and practicing a number of skills like whole body movement skills, fine motor skills, sensory exploration, planning and sequencing skills. Students of grade 2 experienced the life skill of taking care of the vehicles and maintaining cleanliness.

Grades 3 to 5 Monologue Competition: A Stage for Expression

Monologue Competition, where words became windows into the soul, and performances transcend mere speech to embody characters, emotions, and stories. This event was not just about delivering lines—it was about captivating hearts, igniting imaginations, and leaving an indelible mark on everyone who listens.

From comedic sketches that tickle our funny bones to poignant reflections that tug at our heartstrings, each performer brought a unique perspective and voice to the stage. The boundaries of genre, time, and emotion blur as performers delve deep into characters and situations, painting vivid portraits with their words.

Behind every powerful monologue was meticulous craftsmanship. Participants meticulously analyzed their scripts, mining them for layers of meaning and subtext. They molded their delivery, intonation, and gestures to breathe life into their characters, making them not just recitations, but compelling embodiments of human experience.

This event was more than a contest – it was indeed a celebration of creativity, courage, and the power of words. It nurtured a community where performers supported and inspired each other, and where audiences were moved and enlightened with the performances.

Inter-House Mathematics Quiz Competition for classes 3 to 5

Inter-House Math Quiz Competition for Grades 3 to 5 was an exhilarating showcase of mathematical talent and teamwork! Students from each house put their best foot forward in challenging rounds, including rapid-fire math questions, problem-solving puzzles, and buzzer rounds.

The cherry on the cake was when students were asked to compete in the hands-on activities round where astounding teamwork was visible amongst students. The atmosphere was electric as participants displayed their mathematical prowess with enthusiasm and confidence.

The event not only fostered a love for mathematics but also promoted camaraderie and healthy competition among students. Congratulations to all the participants for their hard work and dedication, and a special shout-out to the winning house for their outstanding performance.

“RSkill + Math + Art Exhibition: Powering Proficiency, Igniting Innovation!”

We are thrilled to share the incredible accomplishments of our students in grades 2 to 5! Our young scholars showcased their outstanding research skills and mathematical prowess through a captivating presentation that left everyone in awe.

Parents and guests were treated to visually stunning displays and information that brought so many aspects to life! Students were brimming with excitement and enthusiasm throughout the entire presentation. Their curiosity knew no bounds, and we couldn't be prouder of their thirst for knowledge and discovery!

Grade 4- Bohemian Art Camp: Embracing Creativity and Individuality

The Boho Art Camp for students offered a unique and enriching experience that celebrated creativity, self-expression, and artistic exploration. Rooted in the bohemian spirit of freedom, unconventional thinking, and cultural diversity, this camp provided a platform for young artists to delve into various art forms, discover new techniques, and nurture their creative talents in a supportive environment.

Under the guidance of our talented art educators, students learned a variety of skills essential to Boho artistry. From mastering intricate patterns and vibrant color schemes to experimenting with mixed media and incorporating natural elements, our young artists expanded their creative horizons in remarkable ways.

Grade 4: Atal Tinkering Lab Camp:

The Atal Tinkering Labs (ATLs) are an initiative under the Atal Innovation Mission (AIM), which is a flagship initiative of the Government of India aimed at fostering innovation and entrepreneurship among students. At TVIS, the students of grade 4 got hands-on learning on tools and equipment to tinker, experiment, and learn by doing.

This camp was organized to nurture a culture of innovation from a young age, preparing students to become future innovators and entrepreneurs who can contribute positively to society and the economy.

International Yoga Day and Celebrating Summer solstice at TVIS

The students of TVIS, from the tiny tots in the nursery to the seniors in class 12, celebrated this special day by practicing yoga. This year's theme, "Yoga for Self and Society," emphasizes the importance of yoga in improving both personal well-being and the well-being of our community. The day was filled with enthusiasm and the joy of coming together for a healthier and happier life.

Today at TVIS, our principal kicked off the celebration by talking about the Summer Solstice, a special time marking the start of summer and the longest day of the year. It was a moment to reflect and enjoy the brightness and warmth that summer brings.

Literary week

TVIS celebrated the Literary Week from the 22nd to the 26th of April. 22nd April, which is universally recognised as World Book Day, marked the beginning of the Literary Week. To observe this day, the school reserved fifteen minutes from the day for DEAR, Drop Everything And Read, wherein the students were required to keep everything aside and read any book of their choice.

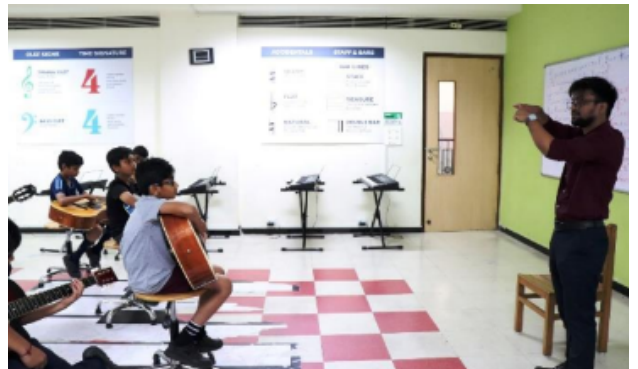

The poetry recitation event was a captivating showcase of talent and expression. Students from grades 6 to 12 took turns reciting poems in Hindi, Gujarati and English ranging from classic works by renowned poets like Sumitranandan Pant, Harivansh Rai Bachchan, Pranav Bakshi, Vinod Joshi, William Wordsworth, William Shakespeare, to name a few. The students also recited their own original compositions and their passion and eloquence evoked a range of emotions among the audience. The event not only highlighted the students' oratory skills but also fostered an appreciation for the beauty and power of poetry.

The students of grade 6, 7, 8, 9 and 11 actively took part in a Word Cloud activity. Students were asked to brainstorm words related to the chosen words, namely, Nature, Sports, Travel, Health and the like. These words were then collectively entered into a word cloud which created a visually appealing representation where the most frequently mentioned words appeared larger. The final word cloud was displayed on the school boards, serving as a creative testament to the students' collaborative efforts and diverse perspectives. This activity not only enhanced their vocabulary but also fostered teamwork and creative thinking.

Grade 5: Bow & string Camp & Guitar Grove Camp - 24th April to 3rd May 2024

This camp typically focused on training beginners who wanted to learn the stringed instrument. The camp provided opportunities for participants to improve their technical skills, ensemble playing, and overall musicianship in a focused and immersive environment of TVIS.

The students of grade 5 were thrilled to be part of the Guitar Camp right here at TVIS. Engaging sessions covering different aspects of guitar playing and music theory were conducted. This camp promised to be an enriching experience filled with learning, creativity, and fun.

Photography Workshops-2024-25

A 10 Hour Introductory Photography workshop is being conducted for the new members of the TVIS Photography club. Students from grades 8-10 are taking part in this workshop which is being conducted by our Principal Mr. G.R. Sivakumar who is himself an avid Photographer. This Workshop is being held from Monday to Friday (22nd to 26th April 2024) on campus.

Note Navigator Camp - 12th April to 26th April 2024

The students unlocked the melodies of their imagination with our exciting Keyboard Camp. Be it a budding pianist or a curious beginner, they enjoyed a week filled with music, learning, and endless possibilities. They learned basic techniques, finger exercises, and posture and explored fundamental concepts like rhythm, harmony, and notation.

Grade 5: Ping Pong Prowess Camp - 12th April to 26th April 2024

The Table Tennis Camp offered students a unique opportunity to develop their skills, learn new techniques, and enjoy the sport in a structured and supportive environment. This camp enhanced students' fundamental table tennis skills, including serving, returning, footwork, and spin control. It also focused on refining techniques and strategies through drills and practice matches.

Grade 3: Splash 'n' Learn Camp – 8th April to 23rd April 2024

The Swimming Camp began with a focus on teaching fundamental swimming skills. Students, whether beginners or those refining their strokes, received expert instruction from certified swim coaches. They learned proper breathing techniques, stroke mechanics, and water safety protocols in a supportive and encouraging environment. This camp not only offered more than just swimming lessons; it was a comprehensive program designed to foster water safety, physical fitness, and a love for swimming among students.

Central to the camp's mission was to build confidence among students in the water. Through progressive lessons and guided practice sessions, participants conquered their initial fears and gained proficiency in swimming. They also developed a sense of comfort and competence, essential for both recreational enjoyment and safety.

Learning to create sculptures:

Students of Class 8 are participating in an exciting 5-day sculpture camp from June 24th to June 28th, 2024. This hands-on adventure is teaching them the art of sculpture in a fun and creative environment. As they create their beautiful masterpieces, they are not only learning new skills but also making wonderful memories.

Session on Health and Hygiene for the students of middle school:

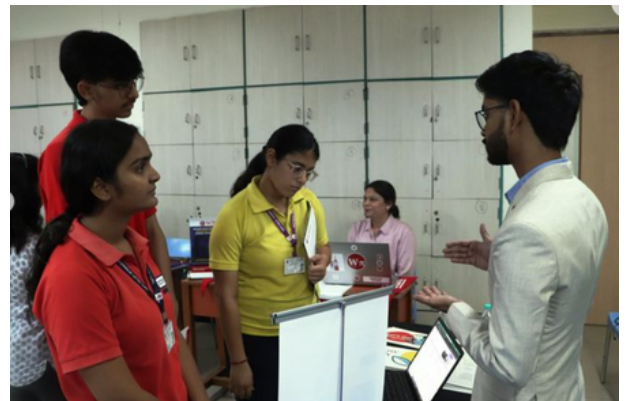

Personal hygiene is of the utmost importance during the growing years. A session was conducted by the teachers of classes 6 to 8 to elaborate the same. The students gained a comprehensive understanding of how personal hygiene directly impacts their health and social interactions.

This session not only aimed to educate but also to empower middle school students to take responsibility for their own hygiene and well-being, fostering habits that will benefit them throughout their lives.

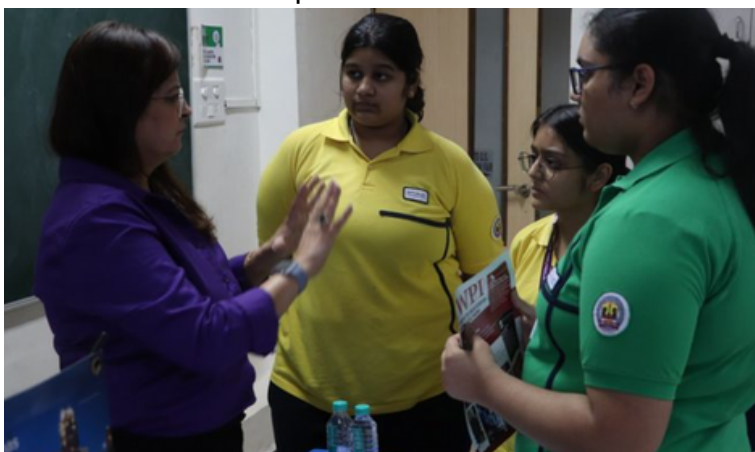

US and UK Universities Education Fair 2024:

Education fairs are an opportunity for the students to connect to the various educational institutions from different corners of the world. An Undergraduate Education Fair was organised at Tapti Valley International school on 30.4.2024 to showcase the entire spectrum of courses offered by Universities of US and UK where the students from class 9-12 got an opportunity to interact with the representatives.

The Fair had representatives and renowned experts from 17 U.S. Universities. Our students met University representatives, discussed their study prospects, queried about campus life and more in person. The Fair focused on how the students can best navigate from the complicated route to an excellent international education in US with wide range of courses for students from Science, Commerce and Humanities background.

Model Parliament - Day-1 - Lok Sabha:

Witnessing democracy in action at our Mock Lok Sabha session was truly inspiring!!! The passion and dedication of our students as they debated the Citizenship Amendment Bill remind us of the power of youth voices in shaping our nation's future.

Model Parliament - Day-2 - Rajya Sabha:

Inspiring scenes at Tapti Valley's Model Parliament session!!! Students stepped into the shoes of MPs and Ministers, engaging in a spirited debate on the 'Public Examinations (Prevention of Unfair Means) Bill, 2024. As they simulated the Rajya Sabha, they passionately debated 'The Public Examinations (Prevention of Unfair Means) Bill, 2024. Their enthusiasm and dedication to tackling issues like exam leaks and malpractices underscore the importance of youth participation in governance.
